

Information on Suggested Procedural Uses of Cautery Handles and Tips

CT-2100 **Low Temperature Fine Tip** for use with **CH-LO** Cautery
Handle Only

Primary Uses: **Pinpoint hemostasis;** delicate, oculoplastic, dermal, and minor
subcutaneous procedures.

By Specialty:

Neurosurgery Craniotomy, Peripheral Nerve Repair, Surgery on Aneurisms

Ophthalmology Cataract Extraction, Corneal Transplant, Repair of Burns and
Lacerations, Strabismus Surgery, Tumor and Cyst Removal,
Enucleation, Retinal Surgery, Keratectomy, Dacryocystorhinostomy

Plastic Surgery Tendon Repair

Information on Suggested Procedural Uses of Cautery Handles and Tips

CT-2101 **High Temperature Fine Tip** for use with **CH-HI** Cautery Handle Only

Primary Uses **Pinpoint hemostasis;** delicate, oculoplastic, dermal, and minor subcutaneous procedures.

By Specialty:

Cardiology Carotid Endarterectomy, Valve Replacement, Femoral Popliteal Artery Bypass, Patent Ductus Arteriosus, Saphenous Vein Ligation, Arteriovenous Shunt, Fistula Formation, Pacemaker Implantation.

Neurosurgery Craniotomy, Tumor Removal, Acoustic Neuroma, Peripheral Nerve Repair.

OB/GYN Abdominal Hysterectomy, Mastectomy, Vulvectomy, Perineal Lacerations, Vaginoplasty, Salpingectomy, Episiotomy Repair, Cesarean Section, Repair of Third Degree, Circumcision.

Ophthalmology Strabismus Surgery, Tumor and Cyst Removal, Enucleation, Keratectomy, Blepharoplasty, Dacryocystorhinostomy

Orthopedics Total Hip, Total Knee, Arthroplasty, Arthrotomy, Open Reduction of Fractures, Amputation of Extremities, Shoulder Fusion, Spinal Fusion, Bone Graft Procedures

Otolaryngology Thyroidectomy, Tumor Removal, Sinus Surgery, Tracheostomy, Blepharoplasty, Carbuncle Surgery, Parotid Gland Excision, Radical Neck Dissection, Rhinoplasty, Nasal Septal Surgery.

Plastic Surgery Blepharoplasty, Mammoplasty, Rhinoplasty, Septonasal Reconstruction, Submucous Resection of Septum, Cleft Palate, Rhytidectomy, Abdominal Lipectomy, Tendon Repair, Scar Revision, Lacerations, Hair Transplants, Burn Procedures

Proctology Hemorrhoidectomy

Information on Suggested Procedural Uses of Cautery Handles and Tips

CT-2103
Only

High Temperature Loop Tip for use with **CH-HI** Cautery Handle

Primary Use **Hemostasis of small bleeding areas, incision and excision .**

By Specialty:

Neurosurgery

Tumor Removal.

OB/GYN

Incision and Drainage of Abscess, Removal of Vulvular Condyloma,
Repair of Third Degree.

Ophthalmology

Strabismus Surgery, Enucleation, Keratectomy.

Orthopedics

Total Knee, Arthroplasty, Arthrotomy, Open Reduction of
Fractures, Amputation of Extremities, Bonelectomy.

Otolaryngology

Thyroidectomy, Tumor Removal, Carbuncle Surgery, Parotid Gland
Excision, Division of Scalenus Anticus Muscle.

Plastic Surgery

Cleft Palate, Scar Revision, Lacerations, Hair Transplants, Burn
Procedures

Proctology

Surgery on Rectal Condyloma.

Urology

Proud Flesh and Veneral Wart Removal

Information on Suggested Procedural Uses of Cautery Handles and Tips

CT-2104 **Low Temperature (Ophthalmic) Fine Tip for use with
CH-LO Cautery Handle Only**

Primary Uses: **Pinpoint hemostasis.**

By Specialty:

Neurosurgery	Craniotomy, Peripheral Nerve Repair, Surgery on Aneurisms
Ophthalmology	Cataract Extraction, Corneal Transplant, Repair of Burns and Lacerations, Strabismus Surgery, Tumor and Cyst Removal, Enucleation, Retinal Surgery, Keratectomy, Dacryocystorhinostomy
Plastic Surgery	Tendon Repair

Information on Suggested Procedural Uses of Cautery Handles and Tips

CT-2105

High Temperature 2" Extended Loop Tip for use with CH-HI Cautery Handle Only

Primary Uses: **Control of small bleeding areas** in recessed or limited access places, skin lesion removal.

By Specialty:

Cardiology

Valve Replacement, Ventricular Septal Defect (VSD), Aortic Aneurism, Tetralogy of Fallot, Femoral Popliteal Artery Bypass, Patent Ductus Arteriosus, Saphenous Vein Ligation, Arteriovenous Shunt, Fistula Formation.

Neurosurgery

Acoustic Neuroma, Laminectomy.

OB/GYN

Cervical Polyp, Trachelorrhaphy, Abdominal Hysterectomy, Mastectomy, Tubal Ligation, Anterior and Posterior Repair of Vaginal Walls, Incisions and Drainage of Abscess, Removal of Vulvular Condyloma, Vaginoplasty, Salpingectomy, Episiotomy Repair, Cesarean Section, Repair of Third Degree, Laceration, Repair of Cystocele, Repair of Rectocele.

Ophthalmology

Blepharoplasty, Dacryocystorhinostomy

Orthopedics

Total Hip, Total Knee, Arthroplasty, Arthrotomy, Open Reduction of Fractures, Amputation of Extremities, Shoulder Fusion, Spinal Fusion, Bone Graft Procedures

Otolaryngology

Thyroidectomy, Nasal Polyps, Tumor Removal, Sinus Surgery, Control of Epistaxis, Tracheostomy, Blepharoplasty, Parotid Gland Excision, Radical Neck Dissection, Rhinoplasty, Nasal Septal Surgery, Foreign Body Removal.

Plastic Surgery

Blepharoplasty, Mammoplasty, Rhinoplasty, Septonasal Reconstruction, Submucous Resection of Septum, Cleft Palate, Rhytidectomy, Abdominal Lipectomy, Nasal Polyps, Burn Procedures

Proctology

Colon Resection, Rectum Resection, Rectal Condyloma

Urology

Hydrolectomy

Information on Suggested Procedural Uses of Cautery Handles and Tips

CT-2109

High Temperature 5" Extended Loop Tip for use with CH-HI Cautery Handle Only

Primary Uses: **Control of small bleeding areas, incision and excision.**
5" tip for places requiring **extended reach.**

By Specialty:

Cardiology

Valve Replacement, Ventricular Septal Defect (VSD), Aortic Aneurism, Tetralogy of Fallot, Femoral Popliteal Artery Bypass, Patent Ductus Arteriosus, Saphenous Vein Ligation, Arteriovenous Shunt, Fistula Formation.

Neurosurgery

Acoustic Neuroma, Laminectomy.

OB/GYN

Cervical Polyp, Trachelorrhaphy, Abdominal Hysterectomy, Mastectomy, Tubal Ligation, Anterior and Posterior Repair of Vaginal Walls, Incisions and Drainage of Abscess, Removal of Vulvular Condyloma, Vaginoplasty, Salpingectomy, Episiotomy Repair, Cesarean Section, Repair of Third Degree, Laceration, Repair of Cystocele, Repair of Rectocele.

Ophthalmology

Blepharoplasty, Dacryocystorhinostomy

Orthopedics

Total Hip, Total Knee, Arthroplasty, Arthrotomy, Open Reduction of Fractures, Amputation of Extremities, Shoulder Fusion, Spinal Fusion, Bone Graft Procedures

Otolaryngology

Thyroidectomy, Nasal Polyps, Tumor Removal, Sinus Surgery, Control of Epistaxis, Tracheostomy, Blepharoplasty, Parotid Gland Excision, Radical Neck Dissection, Rhinoplasty, Nasal Septal Surgery, Foreign Body Removal.

Plastic Surgery

Blepharoplasty, Mammoplasty, Rhinoplasty, Septonasal Reconstruction, Submucous Resection of Septum, Cleft Palate, Rhytidectomy, Abdominal Lipectomy, Nasal Polyps, Burn Procedures

Proctology

Colon Resection, Rectum Resection, Rectal Condyloma

Urology

Hydrolectomy

Information on Suggested Procedural Uses of Cautery Handles and Tips

CTL-2109

High Temperature 5" Extended Loop Tip WITH LIGHT for use with CH-HI Cautery Handle Only

Primary Uses: **Control of small bleeding areas, and incision and excision** in places which require **extended reach** and which are difficult to illuminate with other light sources. **5" tip with light** is particularly convenient for OB/GYN and PROCTOLOGY procedures.

By Specialty:

Cardiology

Valve Replacement, Ventricular Septal Defect (VSD), Aortic Aneurism, Tetralogy of Fallot, Femoral Popliteal Artery Bypass, Patent Ductus Arteriosus, Saphenous Vein Ligation, Arteriovenous Shunt, Fistula Formation.

Neurosurgery

Acoustic Neuroma, Laminectomy.

OB/GYN

Cervical Polyp, Trachelorrhaphy, Abdominal Hysterectomy, Mastectomy, Tubal Ligation, Anterior and Posterior Repair of Vaginal Walls, Incisions and Drainage of Abscess, Removal of Vulvular Condyloma, Vaginoplasty, Salpingectomy, Episiotomy Repair, Cesarean Section, Repair of Third Degree, Laceration, Repair of Cystocele, Repair of Rectocele.

Ophthalmology

Blepharoplasty, Dacryocystorhinostomy

Orthopedics

Total Hip, Total Knee, Arthroplasty, Arthrotomy, Open Reduction of Fractures, Amputation of Extremities, Shoulder Fusion, Spinal Fusion, Bone Graft Procedures

Otolaryngology

Thyroidectomy, Nasal Polyps, Tumor Removal, Sinus Surgery, Control of Epistaxis, Tracheostomy, Blepharoplasty, Parotid Gland Excision, Radical Neck Dissection, Rhinoplasty, Nasal Septal Surgery, Foreign Body Removal.

Plastic Surgery

Blepharoplasty, Mammoplasty, Rhinoplasty, Septonasal Reconstruction, Submucous Resection of Septum, Cleft Palate, Rhytidectomy, Abdominal Lipectomy, Nasal Polyps, Burn Procedures

Proctology

Colon Resection, Rectum Resection, Rectal Condyloma

Urology

Hydrolectomy

Information on Suggested Procedural Uses of Cautery Handles and Tips

CT-2110 **High Temperature Contra Angle Fine Tip for use with CH-HI Cautery Handle Only**

Primary Uses: **Pinpoint hemostasis;** delicate, oculoplastic, dermal, and minor subcutaneous procedures. **Angled tip** for accessing hard-to-reach areas with maximum practitioner arm comfort.

By Specialty:

Cardiology Carotid Endarterectomy, Valve Replacement, Femoral Popliteal Artery Bypass, Patent Ductus Arteriosus, Saphenous Vein Ligation, Arteriovenous Shunt, Fistula Formation, Pacemaker Implantation.

Neurosurgery Craniotomy, Tumor Removal, Acoustic Neuroma, Peripheral Nerve Repair.

OB/GYN Abdominal Hysterectomy, Mastectomy, Vulvectomy, Perineal Lacerations, Vaginoplasty, Salpingectomy, Episiotomy Repair, Cesarean Section, Repair of Third Degree, Circumcision.

Ophthalmology Strabismus Surgery, Tumor and Cyst Removal, Enucleation, Keratectomy, Blepharoplasty, Dacryocystorhinostomy

Orthopedics Total Hip, Total Knee, Arthroplasty, Arthrotomy, Open Reduction of Fractures, Amputation of Extremities, Shoulder Fusion, Spinal Fusion, Bone Graft Procedures

Otolaryngology Thyroidectomy, Tumor Removal, Sinus Surgery, Tracheostomy, Bepharoplasty, Carbuncle Surgery, Parotid Gland Excision, Radical Neck Dissection, Rhinoplasty, Nasal Septal Surgery.

Plastic Surgery Blepharoplasty, Mammoplasty, Rhinoplasty, Septonasal Reconstruction, Submucous Resection of Septum, Cleft Palate, Rhytidectomy, Abdominal Lipectomy, Tendon Repair, Scar Revision, Lacerations, Hair Transplants, Burn Procedures

Proctology Hemorrhoidectomy

Information on Suggested Procedural Uses of Cautery Handles and Tips

CT-2111

High Temperature Circular Loop Tip for use with CH-HI Cautery Handle Only

Primary Use: **Excision.** Particularly useful for larger excisions because the **5mm circular loop** is much larger than the standard 1mm loop tip.

By Specialty:

Neurosurgery

Tumor Removal.

OB/GYN

Removal of Vulvular Condyloma.

Ophthalmology

Keratectomy.

Orthopedics

Arthrotomy, Open Reduction of Fractures, Amputation of Extremities, Bonelectomy.

Otolaryngology

Thyroidectomy, Tumor Removal, Parotid Gland Excision, Division of Scalenus Anticus Muscle.

Plastic Surgery

Scar Revision, Skin Lesion Removal.

Proctology

Removal of Rectal Condyloma.

Urology

Proud Flesh and Veneral Wart Removal

Information on Suggested Procedural Uses of Cautery Handles and Tips

CT-2112

High Temperature 5" Extended Fine Tip for use with CH-HI Cautery Handle Only

Primary Uses: **Pinpoint hemostasis;** delicate, oculoplastic, dermal, and minor subcutaneous procedures. **5" tip** for places requiring **extended reach**.

By Specialty:

Cardiology

Carotid Endarterectomy, Valve Replacement, Femoral Popliteal Artery Bypass, Patent Ductus Arteriosus, Saphenous Vein Ligation, Arteriovenous Shunt, Fistula Formation, Pacemaker Implantation.

OB/GYN

Abdominal Hysterectomy, Mastectomy, Vulvectomy, Perineal Lacerations, Vaginoplasty, Salpingectomy, Episiotomy Repair, Cesarean Section, Repair of Third Degree, Circumcision.

Orthopedics

Total Hip, Total Knee, Arthroplasty, Arthrotomy, Open Reduction of Fractures, Amputation of Extremities, Shoulder Fusion, Spinal Fusion, Bone Graft Procedures

Otolaryngology

Tumor Removal, Sinus Surgery, Tracheostomy, Blepharoplasty, Carbuncle Surgery, Parotid Gland Excision, Radical Neck Dissection.

Plastic Surgery

Blepharoplasty, Mammoplasty, Rhinoplasty, Septonasal Reconstruction, Submucous Resection of Septum, Cleft Palate, Rhytidectomy, Abdominal Lipectomy, Tendon Repair, Scar Revision, Lacerations,

Information on Suggested Procedural Uses of Cautery Handles and Tips

CT-2121 **High Temperature Elongated Fine Vasectomy Tip for use
with CH-HI Cautery Handle Only**

Primary Uses: **Destruction of the mucosa inside the vas deferens, sculpting
of woven skin grafts.**

By Specialty:

Urology Intravessicle Removal of Stones, Hydroelectomy, Vasectomy.
